INTRODUCTION

Established in the 21st Century "N B Enterprises" are engaged in Manufacturing of Switchgear, Electrical Control Panels and LED Lights. We Design and Manufacture State Of The Art Electrical Control Panel products of excellent quality, competitive price supported by a nationwide network of sales and services.

We are highly appraised by our clients and the markets for our credible quality after-service. Therefore, our products are widely applauded for having various features like excellent lighting, power saving, durability,

minimum maintenance, low energy consumption and high corrosion resistance.

N B Enterprises. is a leading, fullspectrum provider of professional Electrical solutions. Built on over a decade of expertise in Switchgear & Electrical Control Panels, we are your best one-stop service for differentiated product solution provider.

Leading Panel Manufacturer

Your Trusted Partner In every step with you.

MORE THAN A DECADE OF EXPERIENCE.

1000+ panels manufactured and 100% satisfied customer

With a professional team, we can provide quality solutions for customers' short-term or long-term projects, provide strong support for partners, and grow together.

RING MAIN UNIT

- Ring Main Unit is a fully enclosed, compact, factory assembled cabinet used for medium-voltage power distribution. In simple words, this is a switchgear unit that is easily replaceable, requires low maintenance, and is highly protected in nature. The most common versions of RMU are Extensible & Non- extensible types - 3 Function & 4 Functions. A typical 3 function RMU shall comprise of 2 x 630 Amps Load Break Switch + 1 x 200/400/630 Amps Circuit Breaker (SF-6 or Vacuum type).

Application/Usage

- Residential Schemes
- Commercial Buildings

N B ENTERPRISE

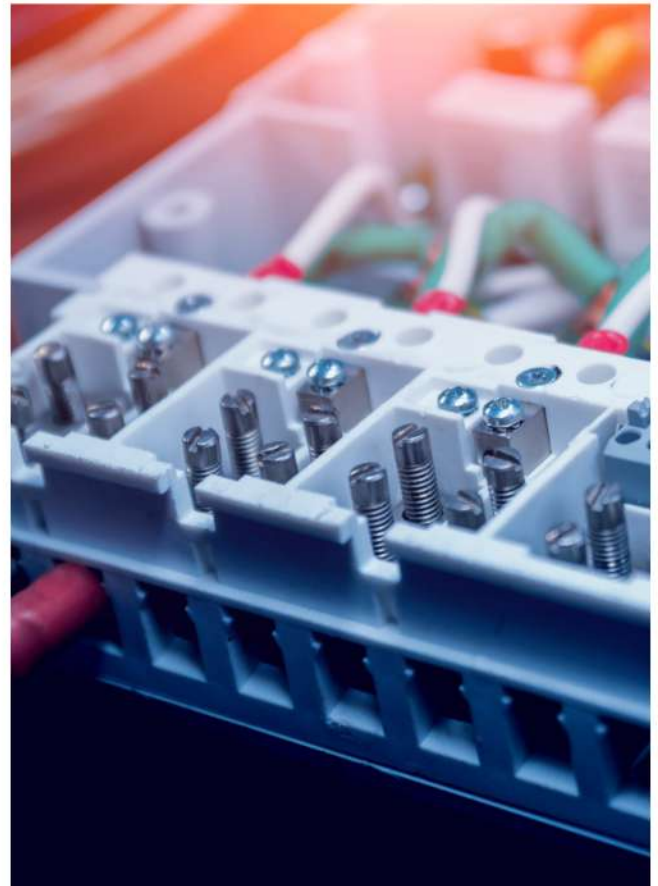

HTMC PANEL

- Load Breacj switch 630 AMP 21KA is 3427/IEC 622771 HT HRC Fuses of Suitable Rating
- Rated short time with stand current 21KA/3 second
- auxiliary switch fuse fuse drip and Shunt drip coil in built

Application/Usage

- Residential Schemes
- Commercial Buildings

N B ENTERPRISE

Power Distribution Panel

- IEC61439 Complied design
- CPRI Approved IP20 to IP65 Ingress Protection
- Designs Application :- Indoor / Outdoor Floor Mounted / Stand Mounted
- Rated Voltage - 415V / 800V
- Frequency - 50Hz/60Hz
- Current Carrying Capacity - Up to 6300Amp

Application/Usage

- Industrial Building
- Commercial Building
- Warehouses
- Process Plants

N B ENTERPRISE

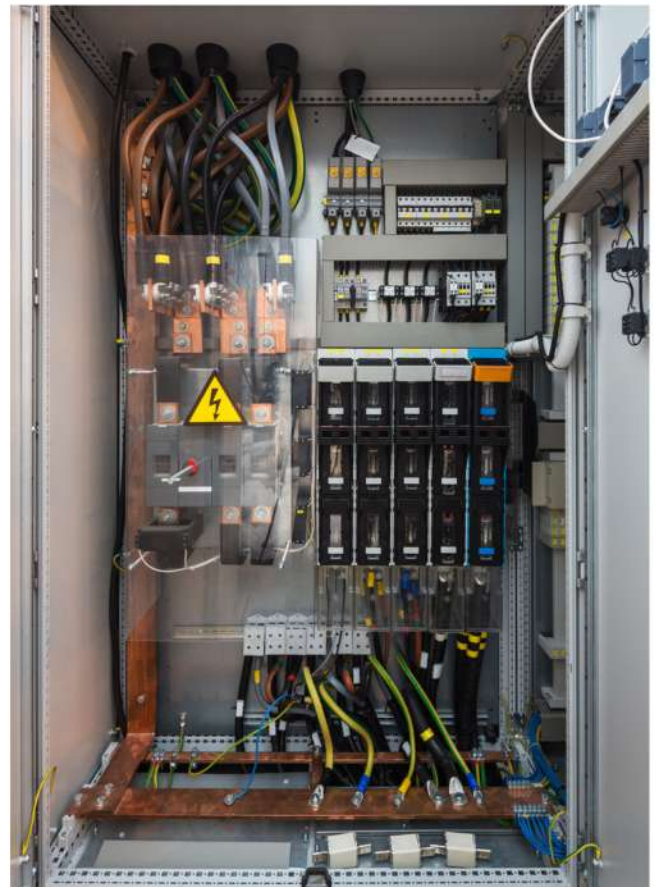

Feeder Section Pillar Panel

- Outdoor Panel Enclosure
- thickness 2.5mm, 2 mm, 1.6mm
- Customized Design 4 way, 6 way etc.

Application/Usage

- Residential Schemes
- Commercial Buildings

N B ENTERPRISE

Mini Section Pillar Panel

- Outdoor Panel Enclosure
- thickness 2 mm, 1.6mm
- Customized Design 1 incoming 7:15 outgoing

Application/Usage

- Residential Schemes
- Commercial Buildings

N B ENTERPRISE

Switch Fuse Unit

- IndorePanel Enclosure
- thickness 2 mm, 1.6mm
- Customized Design 1 incoming 10:20 outgoing

Application/Usage

- Residential Schemes
- Commercial Buildings

N B ENTERPRISE

Bus Bar Chamber

- Indore Panel Enclosure
- thickness 2 mm, 1.6mm
- Customized Design 1 incoming 10:20 outgoing

Application/Usage

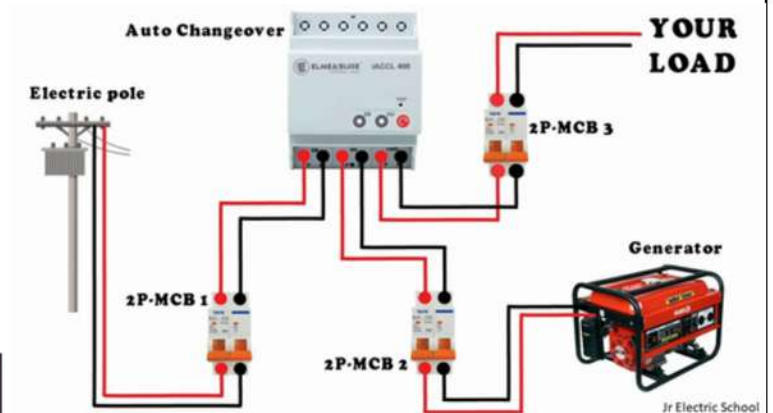

- Residential Schemes
- Commercial Buildings

N B ENTERPRISE

Automatic Change Over Panel

- Indore Panel Enclosure
- thickness 2 mm, 1.6mm
- Customized Design 2 incoming(1 DG set and 1 Main Supply) , CUSTOMISED outgoing

Application/Usage

- Residential Schemes
- Commercial Buildings

N B ENTERPRISE

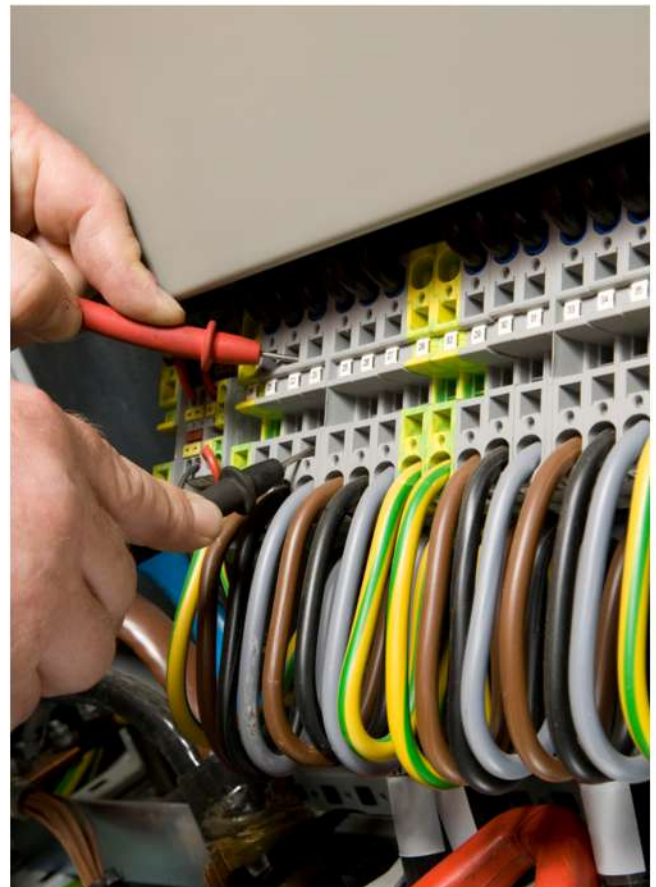

Automatic Power Factor Control Panel

- Indore Panel Enclosure
- thickness 2 mm, 1.6mm
- Customized Design 1 incoming 10:20 outgoing

Application/Usage

- Residential Schemes
- Commercial Buildings

SERVO VOLTAGE STABILIZER

- Servo Voltage Stabilizer detect the unexpected voltage fluctuations of the power supply and reduce or increase the voltage levels with the help of servo motors (an important component of servo stabilizers) ,and then provide a stabilized , high output voltage to the end devices.
- To ensure better cooling of the Servo Voltage stabilizers , natural air or transformer oil (IS:335) is used. Oil cooled Servo Voltage Stabilizers and Air-cooled Servo Voltage Stabilizers are the best solution for industry to avoid voltage fluctuation.

Application/Usage

- Industrial Factory
- Commercial Buildings

Office

First floor 105, Hari Krishna estate,
